

**welcome to the**  
**Official USA Pavilion at VIV MEA 2021**  
NOVEMBER 23-25, 2021 | ABU DHABI, UAE

**Dear VIV MEA Visitor,**

On behalf of the USDA's Office of Agricultural Affairs in Dubai, I am thrilled to welcome you to VIV MEA 2021! This year in the USA pavilion, we have 17 companies representing the best of the best! These exhibitors are offering an impressive array of agricultural products such as livestock breeding, nutrition technology, high-quality protein feed, microbial products for livestock, and so much more!

We trust this show will provide you with new and exciting business opportunities, and we thank you in advance for your visit to the USA Pavilion.

Feel free to reach out to my office with your questions and inquiries. We are here to support you and to be your bridge to great U.S. agriculture!

**Valerie Brown**  
Regional Agricultural Counselor  
USDA Regional Office of Agricultural Affairs  
U.S. Consulate General, Dubai

**USDA'S FOREIGN AGRICULTURAL SERVICE STAFF ARE AVAILABLE DURING THE SHOW TO HELP YOU  
AND LINK YOU WITH U.S. AGRICULTURAL SUPPLIERS. WE LOOK FORWARD TO YOUR VISIT!**

4031 University Drive, Suite 100  
Fairfax, VA 22030 USA  
+1 703-582-2993  
[www.aiagus.com](http://www.aiagus.com)

Advancing Agriculture through Cooperation and Proven US Models.

### Ted Ayash

President  
[ted.ayash@aiagus.com](mailto:ted.ayash@aiagus.com)

We're a consortium of leading U.S. companies that are passionate about farming. We have over 100 years of experience in the design, implementation and operation of U.S. model farms using the latest advancement in agricultural technologies (AgTech). We bring an integrated approach to the food value chain through the production and post-harvest processing of strategic crops and animal feed including wheat, corn, soybean, cottonseed, alfalfa and other hays. Using advanced technology, we transform food waste into natural animal protein that improves animal production and reduces feed cost.

## American Pharmaceutical Innovations Co. (AmPharma)

**J050**

8117 South Lemont

**Mike Martin**

Sales Director  
[mmartin@insta-pro.com](mailto:mmartin@insta-pro.com)

Producing solutions for animal feeds, such as extruded soybeans, has been the core of our business for over 45 years. Our extruders stabilize and sterilize animal by-products such as fish waste, tomato pumace and other vegetable by-products creating value-added feed ingredients. In addition, high shear dry extrusion stabilizes rice bran to deactivate enzymes increasing shelf life and market value.
